The Concept

AIM

Find Ada Lovelace to get pearls of wisdom only she can provide

OBJECTIVE

Travel to cities where players can find up to 3 clues at different landmarks, which direct them to the next location the protagonist, Ada Lovelace, has moved on to.

Demo

Future Extensions

- Increase the number of locations

- Use Tkinter for the whole game

- Randomise the correct locations

- Find another person for advice

- Add an aspect of currency into the game
